

**FOREST CONSERVATION LAWS AND RESETTLEMENT OF INTERNALLY DISPLACED MUSLIM FAMILIES IN MARUCHCHIKKADDI, KARADIKKULI AND PAALAKKULI IN MUSALI D.S. DIVISION, MANNAR DISTRICT.**

Soon after the war in May 2009, the displaced Muslims in Marichchukkaddi, Karadikkuli, and Palakkuli G.S Divisions in the Musali D.S Division, Mannar District, returned after 25 years, and renovated their old Mosques –Mohideen Mosque, Registered No. R/393/MN/15, Chief Trustee Mr. Dawood Alim in Marichchukkaddi G.S. Division, Mohideen Mosque – Registered No. R/409/MN/16, Chief Trustee Mr. Hussain in Karadikkuli G.S. Division and also the Mohideen Jumma Mosque, Registered No. R/1536/MN/60, Chief Trustee Mr. Hameed in palakkuli G.S Division.

The area that had been the place of human habitation, economic activities and religious practices has become the area of secondary forest owing to the absence of people, who had been unlawfully displaced in October 1990.

On October 10, 2012, the Government of Sri Lanka published an extraordinary gazette under section 3 of the Forest Conservation Ordinance (Chapter 451) as amended by Acts, No.13 of 1966, No.56 of 1979, No.13 of 1982, No.84 of 1988, No.23 of 1995 and No.65 of 2009. The notification refers to rules and regulations concerning entry and use of those reserved forest. It also states that violators will be punished by law.

According to the Gazette notice of October 10 of 2012 a total of 6,042 Hectares have been declared as reserved forest in the said Marichchukkaddi and Karadikkuli areas. When inspecting the boundary line of Marchchukkaddi / Karadikkuli forest reserve declared, one can notice that it covers the settlement of the most populous villages and economic activities of th unlawfully displaced Muslims of Musali DS Division in Mannar District.

**Basic land clearance had already been completed by the time the gazette notification came into effect. The returnees had their legal rights to most of the lands owned on Title Deeds, Government Permits and PLR. In fact, gazette notification can be seen as a directive that was rushed into publication without proper site verification.**

His Excellency the president of Sri Lanka, issued orders on 09/05/2015 to immediately halt the deforestation and the settlement of the IDPs inside the declared forest reserve. The order was issued following allegations that the people were being resettled inside the Wilpattu National Park. It became effective from the date of notification, October10, 2012. The notification entrusts powers to the respective government officials to implement strictly.

The demarcation of reserve forest boundary ignored ground realities. For Example, the demarcation included the places where people lived and carried economic activities – Paddy, Chena cultivation and Cattle farms in areas down south of Kallaru River up to Modaragama River.

Many practical problems arise from the demarcation of the forest reserve in Marichukkaddi, Karadikkuli and Paalakkuli. On one hand, the Forest Department restricts the habitable area and economic activities and the state armed forces forcibly occupying lands and houses is the other.

**The declared reserved forest area is covering the places of living, religious and economic activities for centuries.**

The “IDPs” returned in 2011 have realized that they could not occupy their former homes because some of them had already been taken over by the security forces and the rest was in a state of total dilapidation due to long years of absence of people.

The Internally Displaced Muslim People – IDPs have the right to return and the right to regain their own properties and also the right to live in their places of origin. They suffered for more than 25 years.

Sri Lanka is a signatory to International Declarations on issues related to the right to return and resettlement of the IDPs.

## **UN Guiding Principles for the Resettlement of Internally Displaced persons (IDPs)**

The Guiding Principles on Internal Displacement were adopted by the Commission on Human Rights and Economic and Social Council in 1998.

### **Choice of Residence**

Principle 15: The IDPs have the right to return to the area they used to reside before the displacement. This right is crucial for the Muslim IDPs who have lost their homes and belongings.

### **Adequate standard of Living**

Principle 18: The state is responsible to provide the IDPs with essential food, water shelter, clothing essential medical services and sanitation.

It is now clear that the declaration of reserved forest areas was done in an ad hoc manner and it was done when people were unlawfully displaced. It is time to revisit the forest declaration.

The rights of the displaced have to be recognized nationally because they were displaced as result of the national question- the ethnic conflict.

The disputes are numerous and complex. Experience suggests that they cannot be resolved through the existing legal mechanism (court system) and instruments (laws and regulation), Sri Lanka is now entering a new era of political culture after the 2015 General Election, His Excellency the President has to intervene in this issue in consideration of the unlawfully displaced Muslims of Musali DS Division in Mannar District as a result of ethnic cleansing by the LTTE in October 1990.

**Occupation:** Cultivation and cattle farming

### **Statement**

My name is Muhamad Mustapha Junaid. My hometown is Marichchukkaddi. I was born on 1949.03.13 in Marichchukkaddi. I have eight siblings. Until I was 15 years old, I worked with my father on cultivation and cattle farming. During that time, my father and I used to do chena cultivation in areas like Veppal, Manavil and Thalavil. At the same time, together with five villagers, we engaged in paddy cultivation. In 1965, the government acquired our land named Vattukavili above The Viyadi tank for it is renovation. Later the house that I was living in from birth to 1990 until we were expelled by the LTTE was confiscated by the government through gazette notification. This greatly affected my right to live. Moreover, the places that we used for chena cultivation and cattle farming have been declared as forest reserve. This prevents our engagement in our livelihood and occupational activities making us financially handicapped. Subsequently, this prevented us from resettling in our homes. In 1965, I went to puttalam to study and I was appointed as a teacher in 1972. In 2006 I retired from teaching.

acquired by the government. The land in Anaippana was occupied by the navy. Therefore it is very difficult for me to do agriculture. Therefore, as an internally displaced person by the LTTE, I seek justice to live and earn from my place of origin. Together with this. I was involved in cattle farming in Thalavil area. Similarly, the villagers were involved in free roaming cattle farming and had stations on either side of the main road leading to Marichchukkaddi. This land was also used for chena cultivation. broken down and the navy had build a camp there. The officials promised me that they would leave our village soon and would give back our lands and home. It is disappointing that we still could not have our lands or houses. Additionally, we were cultivating paddy and highland crops in the Viyadi Kulam land. This land also being used by the navy to date. This land is enriched with is water supply but was not given back to us. It is again shocking that our lands which we were using for cattle farming have been declared as reserved forest. I am not able go back to my home, my place of origin.
